

RIM Reporter

Secretary of State ~ Records and Information
Management Division (SOS-RIMD)

Are your records haunting you?

Good morning, I'm Karyn Herron reporting live from Helena, where the entire city is alive with talk of incidents of paranormal activity. Alleged record sightings and related supernatural document conversion occurrences have been reported across the entire State area.

Still making headlines all across the state, the Recordbusters are at it again. This time, at the fashionable State Office. The boys in gray slugged it out with a pretty pesky poltergeist, and then stayed on to rescue the storage boxes and talk with some of the ladies who witnessed the disturbance. Now, on with the year-end countdown.

Twenty-four hours a day, seven days a week, no job is too small, no fee is too big! RIMD can capture your haunting documents on microfilm or scan them into electronic images. And if that doesn't take care of your problem we can store them in our special proton boxes that will keep your records safe until required disposal.
